IN THE WRIGHT HANDS

PROVIDING TAILOR-MADE CORPORATE SECURITY

Wright Surveillance is a leader in the CCTV video surveillance field in South Africa. We excel in designing, developing and installing CCTV Security Systems in commercial, industrial and retail properties.

Wright Surveillance offers a total turn-key service in that we plan, supply, install, monitor and maintain your CCTV security system. We also provide a consulting service to ensure that the total security package at your premises provides the optimal solution.

With over 20 years in the security industry, Wright Surveillance consultants have the experience & expertise to offer the WRIGHT solution that is tailored to our client's specific needs.

Contact us for all your CCTV installation, maintenance and offsite CCTV monitoring requirements.

COMPANY PROFILE

Wright Surveillance is a leader in the South African CCTV surveillance & off-site monitoring industry, servicing a broad spectrum of the market with cutting edge security solutions.

Our client base includes blue chip companies in the logistics, retail, manufacturing and service industries.

Wright Surveillance offers a comprehensive end-to-end solution: We work with clients to address their specific security needs and then plan, install, monitor and maintain their CCTV systems.

Our expert consultancy service ensures that clients are assured of a total integrated security package that provides the optimal solution to their security needs.

Wright Surveillance is among the pioneers of offsite CCTV monitoring in South Africa, and their vast experience ensures that their CCTV systems deliver as promised.

Directors Garth Wright, Gary Stephenson and Pasco Dyani spearhead a committed and passionate team that prides itself in delivering personalized service.

SERVICES

Wright Surveillance offers a total turn-key CCTV Security Solution that includes CCTV system design & planning, supply of all CCTV and related equipment, installation by our expert team, CCTV monitoring in our technologically advanced offsite Control Room and ongoing maintenance of your CCTV surveillance system. Our range of services includes:

- Installation - our highly qualified and experienced installation teams ensure complete control over project installation costs and quality, with seamless integration into onsite or offsite control rooms, superior image quality and system reliability.
- Offsite CCTV Surveillance – we offer 24/7 & Event-based monitoring in our technologically advanced Control Room. Additional services include Virtual Guard Tours, Virtual Guard Supervision, Access Control and Energy Management.
- CCTV Maintenance – to function optimally a CCTV system must be regularly serviced and maintained. We offer a Preventative Maintenance Service to our clients, with the added advantage of being able to identify any CCTV system malfunctions from our Control Room.
- Reporting –Best-in-class detailed monthly reports on your entire CCTV solution, including data on all system activation's in both graphic & tabulated form; let's you see how your CCTV system is working for you in a snapshot.

Wright Surveillance consultants have the experience and expertise to offer the WRIGHT solution that is tailored to your specific needs.

TECHNOLOGY

Wright Surveillance's extensive experience in the field of CCTV offsite monitoring has created an acute awareness of what technology delivers the Wright results in the offsite control room, and what doesn't.

Many years' experience in the industry allows us to offer a range of affordable CCTV products and installation techniques that supersede all others on the market. The analog and digital options we provide will ensure the best integration, image quality, speed and reliability – all essential

components when looking to ensure the delivery of a superior CCTV surveillance security solution.

A Wright Surveillance CCTV system offers a unique advantage over other CCTV systems through its proprietary video compression technology supported by a proven track record in off-site surveillance. Wright Surveillance will develop & deliver a tailor made CCTV security system that ensures an efficient preventative security solution.

WHY US?

- | | | |

| ✓ Highly experienced | ✓ Customised solutions | ✓ Turn-key projects |
| ✓ 24/7 Control Room | ✓ Quality products | ✓ Personal service |
| ✓ Monthly Reporting | ✓ Customised Reporting | ✓ BBEEE Level 2 |

CORPORATE SOCIAL RESPONSIBILITY

Wright Surveillance raises funds for a variety of children's charities every year. These include the E.P. Children's Home, Khayaletu Home for street children, MTR Smit Children's Home, Sabrina Love school for cerebral palsy and the "We Care" home for abandoned babies.

This fundraising project is spearheaded by Company Directors, Garth Wright and Gary Stephenson through their charity "Ironman 4 the Kidz", which raises money by way of corporate sponsorship of athletes competing in the international IronMan Competition held in Port Elizabeth. Total sponsorship has grown from humble beginnings in 2005, when R11 000 was raised, to R 2 200 000 in 2018. To date Ironman 4 the Kidz has raised in excess of R17 million for children's charities.

BBBEE PROFILE

Wright Surveillance fully supports the government's economic empowerment initiative with a BBBEE rating at level two. This also means that you can claim 125% of your spend with Wright Surveillance towards your BBBEE accreditation.

Pasco Dyani, Chairman of Wright Surveillance, is widely respected, having been National President of the Chemical, Energy, Paper, Printing, Wood and Allied Workers Union for 16 years.
